## Why I started the Bible School

In 2011 God put in my heart to find the reasons why a teenager would leave the family to go with someone they just met and fell in love.

This is the reason my heart always troubled me and I started to seek God and approached many men of God with this question. One day God spoke to me to open a Bible School. My wife Reena Salotra and myself prayed a lot for this topic and with God's grace WHBS was opened in 2017. This first year we had a batch of 10 students. Later we realized that one semester is not enough for a student to learn in depth of subjects, so we decided to have 2 semesters each year; one in June and one in October.

When we started the Bible School, the last year teachers encouraged me to carry on with the project God put in my heart. I am very blessed and thankful to God for my wife who is helping me with the ministry, as a School Principal, teacher and devoted woman of God who is also cooking the whole time for our family and all students and teachers during school seasons.

## Vision

We assure the family of any student that they will return back home stronger in their faith, more mature spiritually and filled with the Holy Spirit which will make a difference in the families and society.

## Mission

We are willing to work hard for anyone who is willing to dedicate themselves to God from young age so that they can become stronger in faith, be able to strengthen their families and have an impact in their churches and outside of church as Christians.

## Object

Train students spiritually, physically, emotionally and mentally. The school will be offering a basic education to students in June courses. We also offer sponsorship to students in October. This sponsorship is only available for those which had attended the courses in June and depending on their behavior and daily activities.

## Prayer request

We at WHBS need to have our land to build a Bible College. We need prayers for the students to grow stronger spiritually. Incoming months we are planning to start Bible classes for intellectuals from (7:00 PM to 11:00 PM). We are specially conducting these classes for business, job and others are welcome to join too. More students from all states of India and international.

## For help

If anyone wants to help our school you can by providing food for the students or sponsoring students financially. If you are a teacher and have good knowledge about the Bible you are most welcome to contact me at 919872714015 regarding teaching position. Anyone who wants to get involved, can help the school financially.
